Range Commanders Council

The content in this space has been approved for public release. Access to restricted content requires a [website account](#) (US Gov't personnel and contractors), and [RCC membership](#). Approved users can access the [restricted RCC content](#).

Mission

The Range Commanders Council is dedicated to serving the technical and operational needs of U.S. test, training, and operational ranges. The RCC provides a framework wherein:

- Common needs are identified and common solutions are sought
- Technical standards are established and disseminated
- Joint procurement opportunities are explored
- Technical and equipment exchanges are facilitated
- Advanced concepts and technical innovations are assessed and potential applications are identified

Vision

The Range Commanders Council (RCC) will promote credible change to meet Department of Defense (DoD) test and training requirements while promoting the common good of its members and enhance sharing and interoperability of infrastructure and resources.
